This information does not identify all ingredients and may use generalized terms that may not adequately inform a person of the presence of all food substances that may produce an allergic reaction in some individuals. Therefore, persons who are allergic to certain food substances are warned not to rely upon this allergen guide as a medical guide for allergens. Products containing allergens (e.g., peanuts, fish, eggs, milk, soy, wheat, tree nuts, shellfish, etc.) are used in the restaurants and may come in contact with other foods and drinks. Fried foods may be exposed to gluten and allergens. Because all products may have come in contact with a trace amount of animal-derived ingredients, no menu items have been certified as vegetarian. Allergen information was current at the time of publication but may change without notice when product formulations, ingredients or suppliers change.
